

# P16, PA16

**Vishay Sfernice** 

### **Knob Potentiometer**

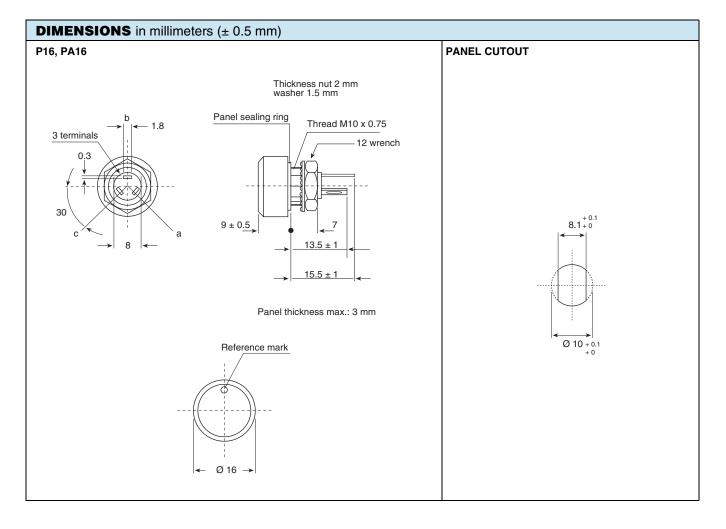

The P16 is a revolutionary concept in panel mounted potentiometers. This unique design consists of a knob driving and incorporating a cermet potentiometer. Only the mounting hardware and terminals are situated on the back side of the panel reducing to a minimum the required clearance.

### FEATURES

- Test according to CECC 41000 or IEC 60393-1
- P16 Version for professional and industrial applications (cermet) COMPLIANT 1 W at 40 °C

- PA16 Version for professional audio applications (conductive plastic)
  0.5 W at 40 °C
- Compact (integrated)
- Safety in use due to good insulation: >  $10^4\,M\Omega$  500  $V_{DC}$
- High dielectric strength: 2500 V<sub>RMS</sub>
- Fully sealed and panel sealed
- Metallic or plastic knob options
- Custom knob on request
- Compliant to RoHS Directive 2002/95/EC

MECHANICAL SPECIFICATION	TIONS					
Mechanical Travel	$300^{\circ} \pm 5^{\circ}$					
Operating Torque	2 Ncm typical					
End Stop Torque	25 Ncm maximum					
Max. Tightening Torque of Mounting Nut	250 Ncm maximum					
Unit Weight	4.5 g typical					

ENVIRONMENTAL SPECIFICATIONS							
	Metallic Knob	Plastic Knob					
Temperature Range	- 40 °C to 125 °C	- 40 °C to 85 °C					
Climatic Category	40/100/56	40/85/56					
Sealing	Sealed container and panel sealed						
Protection Grades	IP67						

#### MARKING

- Ohmic value, tolerance, taper
- Manufacturing date

#### PACKAGING

• Carton box of 20 pieces

#### **CONTROL KNOB**

Black metallic knob (NM).

Black plastic knob (NP).

For white and blue color see ordering information.

Other dimensions, shapes, colors of control knobs are manufactured on request - please consult Vishay.

Other reference marks (shapes, colors) and legends can be printed on plastic knob on request - please consult Vishay.

ALL PRODUCT, PRODUCT SPECIFICATIONS AND DATA ARE SUBJECT TO CHANGE WITHOUT NOTICE TO IMPROVE RELIABILITY, FUNCTION OR DESIGN OR OTHERWISE.

Vishay Intertechnology, Inc., its affiliates, agents, and employees, and all persons acting on its or their behalf (collectively, "Vishay"), disclaim any and all liability for any errors, inaccuracies or incompleteness contained in any datasheet or in any other disclosure relating to any product.

Vishay makes no warranty, representation or guarantee regarding the suitability of the products for any particular purpose or the continuing production of any product. To the maximum extent permitted by applicable law, Vishay disclaims (i) any and all liability arising out of the application or use of any product, (ii) any and all liability, including without limitation special, consequential or incidental damages, and (iii) any and all implied warranties, including warranties of fitness for particular purpose, non-infringement and merchantability.

Statements regarding the suitability of products for certain types of applications are based on Vishay's knowledge of typical requirements that are often placed on Vishay products in generic applications. Such statements are not binding statements about the suitability of products for a particular application. It is the customer's responsibility to validate that a particular product with the properties described in the product specification is suitable for use in a particular application. Parameters provided in datasheets and/or specifications may vary in different applications and performance may vary over time. All operating parameters, including typical parameters, must be validated for each customer application by the customer's technical experts. Product specifications do not expand or otherwise modify Vishay's terms and conditions of purchase, including but not limited to the warranty expressed therein.

Except as expressly indicated in writing, Vishay products are not designed for use in medical, life-saving, or life-sustaining applications or for any other application in which the failure of the Vishay product could result in personal injury or death. Customers using or selling Vishay products not expressly indicated for use in such applications do so at their own risk and agree to fully indemnify and hold Vishay and its distributors harmless from and against any and all claims, liabilities, expenses and damages arising or resulting in connection with such use or sale, including attorneys fees, even if such claim alleges that Vishay or its distributor was negligent regarding the design or manufacture of the part. Please contact authorized Vishay personnel to obtain written terms and conditions regarding products designed for such applications.
